FIRE ALARM SYSTEM

**RLI Remote LED
Detector
Indicator**

**Series 65A Fixed
Temperature /
Rate of Rise heat
detector 135 °F**

**Series 65A
Ionisation smoke
detector (UL Listed
with Flashing LED)**

**2/4/8 Zone CFP
Panel Non
Expandable**

**Conventional Bell -
24V 6" polarised
fire bell (150mm
under dome) c/w diode**

**24VDC FirePlus BS
white platform
conventional base
sounder (LPCB
APPROVED)**

**24V Red
Weatherproof IP65 4
Tone CP Conventional
Combined fire
Sounder / Beacon -
103dBa**

**24VDC Red FirePlus CDB
Weatherproof IP65
conventional combined
fire sounder / beacon
with Red deep base-
(INTERTEK APPROVED)**

**Conventional Beam
Detector BEAMRAY
RFX70**

**No Break Resettable
Fire Call Point**

**FP Range
Conventional Fire
Panel 1 Zone**

**FP Range
Conventional Fire
Panel 16 to 28 Zone**

Panel Battery

**Complete Set (126)
Pre-Addressed
XPERT Cards**

**Context UL-Plus
common Isolating
base for the Context
UL-Plus detectors.
Isolating Base c/w
Xpert card- UL
LISTED**

**Context UL-Plus
Mutisensor (Optical
smoke & Heat)
detector HEAD ONLY
(Xpert card Style-
Discovery Protocol)-
Flashing LED
Option- UL LISTED**

**Context UL-Plus
optical smoke
detector HEAD
ONLY (Xpert card
Style- Discovery
Protocol)-
Flashing LED
Option- UL LISTED**

**Context UL-Plus
standard temperature
heat detector (Fixed
Temperature & Rate of
Rise modes) HEAD
ONLY (Xpert card
Style-Discovery
Protocol)-
Flashing LED Option-
UL LISTED**

**Red manual
addressable call
point- resettable -
SA5900-908 with
built-in 20 devices
isolator- LPCB
APPROVED**

**Waterproof manual
call point - red
(surface); for use
with range; IP67
with built
in isolator**

FIRE ALARM SYSTEM

Input/Output unit with Back Box & with built-in 20 devices isolator- LPCB

Addressable loop powered red Compact Combined Sounder/Beacon - INTERTEK Approved

Addressable Combined loop powered Sounder/Beacon with deep base IP55

Addressable loop powered Sounder Beacon Base with isolator - Suitable for

Loop powered Air sampling unit - Duct Detector Enclosure (includes Xpert base but not the head, also

Upload download software plus lead

XFP network communication card for XFP 16 zone panels(one required for each networked panel)

XFP network communication card for XFP 32 zone panels(one required for each networked panel)

XFP Networkable repeater panel, 16 zones, code/keyswitch entry, c/w psu and network repeater card, metal enclosure-

XFP Networkable repeater panel, 32 zones, code/keyswitch entry, c/w psu and

XFP Networkable single loop 16 zone panel, code/keyswitch entry, c/w 1.4A psu,

ZFP 4 loop Panel with 40 zone LEDs (Z49), PSU rated at 5 Amps, with Built-in Printer

ZFP 12/8 loop Panel with 40 zone LEDs (Z49), PSU rated at 5 Amps, with Built-in Printer

16 Line Master EVC control unit c/w line cards, handset and display.

3 zone Fire Extinguishant control panel (to BS/EN12094-1) c/w 3A EN54-4 PSU & 128 x64 pixel graphical LCD display. LPCB Approved

Yellow Extinguishant Abort button, surface mounting, with hinged cover

Activ Conventional Combined Optical + Heat Multi-Sensor Detector Head Only

FirePlus Addressable Fire Control Panel- UL LISTED

Discovery UL Open-Area Sounder Beacon

XP95A Open-Area Sounder- 041-55000IMC

Red Dual Action addressable Manual Pull Station with Polycarbonate Surface Back Box- UL LISTED
